Royalton Selectboard

Meeting with Royalton Fire District #1

Knight's Opera House

Selectboard present: Peg Trombly, Peggy Ainsworth, Larry Trottier, Ernie Amsden, Joan Goldstein

Prudential board present: Kathleen Hassey, Steve Teal, Wayne Manning, David Whitney, Janel Rule, Frank Berk

Public Present: Nathan Cleveland

Chair P. Trombly welcomed the Royalton Fire District # 1 Prudential board to the meeting and thanked them for allowing the Selectboard to sit in on their regular meeting. She noted that the Selectboard had asked to join their meeting to discuss any concerns, projects, and possible funding for proposed projects.

Chair Trombly noted that the Selectboard was working on revising the Traffic Ordinance, and considering building options for a new centralized town office building. She also noted that there were possible projects that have been identified that would increase the capacity at the Pollution Abatement Facility. Another important project was identifying problematic sewer meters.

W. Manning noted that replacing the water line on S. Windsor St., and adding a new treatment tank at the water treatment facility have been identified as possible projects by the Prudential board.

Discussion ensued on the capacity of the water treatment facility, the projects identified by both boards, as well as the timing of the sewer bills and water bills.

The Selectboard then discussed the possibility of pursuing grants to fund sidewalk repairs and paving projects.

**E. Amsden made a motion to adjourn that was seconded by P. Ainsworth. The motion passed unanimously.**

**Meeting adjourned at 9:40 p.m.**

**Respectfully submitted by:**

**Nathan Cleveland**
